Dear Mr. Butt:

After our discussion on August 8, 1988, regarding your continued access need into your grazing permit in the Summit Canyon area, we will allow you to negotiate the situation with Atlas Minerals and if they are agreeable the road down Wildhorse Canyon into Summit Canyon may be left open for your use to the point of Atlas facility in Section 34, T. 32 S. R. 26 E.

We will provide Atlas Minerals a copy of this letter, but please understand this road must be left open to public use, and you will be expected to provide any necessary maintenance. Bureau of Land Management (BLM) can not assist in road maintenance funding.

As we understand, this road begins on private property in Section 33, T. 32 S., R. 26 E., and continues for about 1/2 mile into Section 34 and then approximately 1/2 mile to the Atlas facility in Section 34. If, and when, it becomes necessary to rehabilitate this road it will become your responsibility.

Sincerely yours,

Robert L. Lurie
Acting Area Manager
